- Your current selection exceeds the maximum of 30 ECTS

- if you have not submitted your back up choice or have not accepted all requirements, you will see a warning in yellow:

Your enrollment can not yet be submitted:

- You must submit at least one backup choice
- You have not accepted all requirements

- if a blue warning appears, it means you have selected more modules than the amount of credits you have filled out on your profile. Do not worry, you can still proceed and finish your enrollments.

Your total ECTS exceeds the amount set in your profile: 1

- If you cannot select the course you want to take it may mean that it is full. Check the Students Come and Go portal regularly! Spots might become available if other students change their selection.
- If a class remains full in the system, there is no use to ask us for an extra spot. We cannot increase the capacity and have to be very strict since there is literally no room to let more people in.
